Managed Gaming Solutions Expands its Reach in Caribbean Region and Launches Mobile Lottery Services in Curacao

London, March 17, 2009 – Managed Gaming Solutions Plc (“MGS”), a leading provider of mobile and interactive gaming solutions, today announced that MGS Caribbean N.V. (“MGSC”) has strengthened its position in the Caribbean region with the launch of interactive mobile lottery services in Curacao (Netherlands Antilles). Operating partner is Sure Lottery, a local licensed lottery provider.

MGSC is a Joint Venture of MGS and Three Apple N.V., a Caribbean business development company, and is focusing on developing mobile and online gaming-related business opportunities in selected countries in the Caribbean region being part of the “CANTO” area. CANTO market area has about 16 million mobile subscribers today, which is expected to grow to almost 19 million subscribers by 2011.

The launch in Curacao follows the CANTO market entry in second half of 2008, when first interactive mobile bingo and mobile lotto services were launched in Surinam. The company is in a launch stage of further games in other countries of the region.

“We are very pleased to announce another country launch in this exciting region, and are confident to achieve soon a similar user acceptance as in Surinam, where shortly after the roll out already several percentage of the whole population were playing our games. We are now in a very good position for future business growth in the emerging markets and are convinced, that we are on the right track to become the fastest growing lottery related gaming provider in this region”, said Tero Turunen, Chairman of MGS.
